

EVEN ARRESTED
RATHENAU PLOT

Bavarian "Council" Implicated
Murder of German Foreign
Minister, Police Believe
MONARCHIST ALSO TAKEN

By Associated Press
Berlin, June 26.—Eleven persons al-
leged to be members of a Bavarian se-
cret organization known as the "Council"
were arrested here yesterday, it
was announced by the police today. The
police expressed the opinion that this
organization, which was suspected of
having a prominent part in the mur-
der of former Minister of Finance Erz-
berger, was also implicated in the mur-
der of Foreign Minister Rathenau last
month.

In addition to these arrests, a promi-
nent monarchist, Colonel Xylander, was
reported to have been arrested in
Munich. General Maerker, a former
military commander who has been
repeatedly denounced in the radical
press as a reactionary, was arrested in
Munich, but was subsequently released.
Collisions between workers and
police were reported today from
Munich, Neurenberg and Friedberg,
without serious casualties.

The political situation throughout
Germany continues remarkably calm
in spite of the vehemence of press com-
ments concerning the assassination of
Dr. Rathenau.

Organized labor's initial contribution
in support of the Government in its
Republican campaign will consist of a
24-hour nation-wide general strike,
which was proclaimed by the Federal
Council of Trades Unions in session at
Leipzig. This will involve chiefly in-
dustrial workers, although it is plan-
ned to include State and municipal
employees and other public employ-
ees. The strike is called for to-
morrow.

The police reported today that Her-
tha has seldom experienced two nights
as quiet as the last two have been.

Dr. Rathenau will be given a State
funeral tomorrow afternoon. The coffin
will be brought to the Reichstag,
where there will be taken to the
family vault at Oberschoeneweide. The
funeral will be held by Reichswaer.

A tremendous demonstration in favor
of the republic held by Majority and
Independent Socialists in the Landtag
yesterday morning was attended by
20,000 persons.

The meeting was quite orderly and
the speeches met with emphatic ap-
proval. The flag of the republic was
seen in evidence than at any previous
demonstration.

Selection of a man to fill the post of
Foreign Minister, made vacant by the
assassination of Dr. Walter Rathenau
presents difficulties of some magnitude
to Chancellor Wirth. This is not only
because of the dearth of available men,
but also for inner political reasons, as
the question of the realignment of the
coalition is one of the possibilities
presented out of the present situation.

A TRIPLE BIRTHDAY PARTY

It was given in honor of these three children by their parents, Mr. and Mrs. Samuel Folk, 906 South Bodine street. The children were born on the same day of the year. The interesting day in the history of the Folk family is June 23. Yetta was born thirteen years ago, William nine years ago and Claire six years ago.

DENIES LABOR WANTS
BEER AND LIGHT WINE

Wheeler Cites Pennsylvania Test at
Sunday School Convention
Kansas City, Mo., June 26.—(By A. P.)—The assertion that labor demands
beer and light wines was declared to be
"unfounded," by Wayne B. Wheeler,
general counsel and legislative superin-
tendent of the Anti-Saloon League of
America, in an address before the con-
vention of the International Sunday
School Association here today.

SUN'S TROOPS ARE PUSHING
TOWARD CANTON, IS REPORT

Peking Believes Any Attempt to Re-
store Regime Will Fail
Peking, June 26.—(By A. P.)—While
advices from Amoy indicated that
troops of Sun Yat-sen, deposed presi-
dent of the Canton Republic, were
pushing toward Canton in an effort to
recapture that city, other reports stated
that these forces were scattered about
Kiangsi province, disorganized and
looting the territory. Official opinion in
Peking today was that any attempt to
restore Sun's regime would fail.

LEWIS WON'T COMMENT

Says He'll First Have to Read Alter
Opinion on Audit Cost
Harrisburg, June 26.—Auditor Gen-
eral Lewis said today before making
any comment that he would have
to read the opinion given by Attorney
General Alter that the cost of the
Bridger audit of the State treasury last
spring could be reduced by the approp-
riation for auditors made to the
Treasury Department in 1921. The
Lewis audit is being paid out of the
Auditor General's appropriation.

Mr. Lewis said the accounts which were
will at work upon matters connected
with his audit of the treasury, which
other part of the report will come later.
In all probability he will use the
Attorney General and his deputies in
regard to further proceedings in July.
will be set later and the court will
out after consultation with the legal
department.

Further moves in the collection of the
anthracite coal tax will depend upon
advice of the Attorney General in view
of the reported appeal to the United
States Supreme Court.

Three Girl Bathes Drown
Youngstown, O., June 26.—(By A. P.)—Three girls were drowned at Coal-
burg yesterday while swimming. Two
of the girls lost their lives in an at-
tempt to save the other, who was
stricken with cramps and sank in eight-
een feet of water. The dead are: Mil-
dred Weaver, sixteen; Ethel Johnson,
fifteen; and Evelyn Richards, sixteen,
daughters of farmers who live near
Coalburg. Their bodies were recovered.

KU KLUX STRENGTH
GROWING IN JERSEY

Increase Since First of Year 200
Per Cent, Says King
Kleagle Appar

Big Initiations Planned
New York, June 26.—On the eve of
his departure for a tour of South Jersey
in the propagation work of the Ku
Klux Klan, of which he is now division
head superintendent for the Northeast,
which includes New Jersey, of which
State he is King Kleagle, New York,
Pennsylvania, Delaware, Maryland and
New England States, George W. Ap-
par, of Hoboken, said the organization
in New Jersey and New York was
growing rapidly, although he declined
to give membership figures. In the
entire country, he said, the increase
has been at the rate of 200 per cent
2000 new members a week. In New
Jersey alone, since the first of the
year, he said the growth has amounted
to 200 per cent.

The Fiery Cross Again
Within a few weeks, the Kleagle said,
an open air "naturalization" of 1000
or more new members from New York
and New Jersey is to be staged at night
on the Watching Mountains in New
Jersey. As this range extends several
miles the Kleagle is making a careful
inspection to select a suitable spot,
and promised to have a suitable spot
for newspapermen, who will be al-
lowed as near the ceremonies as it is
possible for other mortals to approach
the portals of the "Invisible Empire."
This initiation ceremony, it is believed,
will be staged late in July. There was
a spectacle not long ago near Paterson
and the fiery cross was plainly visible
in that city, but no official announce-
ment of a ceremony was forthcoming.

"The work in Essex County," said
Mr. Appar, "is now progressing, with
the Klan in Newark, Orange, Bloomfield,
Montclair and Nutley, and the other
counties are well organized with sub-
stantial memberships, especially in Hud-
son County, Paterson, Camden and
Trenton. In Trenton some of the best
known men of the State are mem-
bers."

Masonic Heads Aroused
Thoroughly aroused by the exposure
of the fraudulent claim by promoters
of the Ku Klux Klan that the organi-
zation enjoys the sympathy and sup-
port of the Masonic fraternity, grand
masters of the Masonic bodies of States
North, East, South and West took up
yesterday the cry of protest against the
Klan fake and joined in pronouncing
the order a lawless conspiracy in vio-
lation of every principle of Masonry
and of Americanism.

Virtually unanimous in their denun-
ciation of Ku Kluxism as a menace to
American freedom, twenty-five of the
grand masters in forty-eight States
have declared that no Masonic property,
lodgerooms or meeting halls are avail-
able for Ku Klux purposes, and a

number of them have already issued
warnings against affiliation with the
Klan by members of the Masonic frater-
nity.

Altoona, Pa., June 26.—(By A. P.)—
Silently entering Broad Avenue
Methodist Episcopal Church during
services last night, at which an effort
was being made to raise funds with
which to build a new edifice, seven
men garbed in the uniform of the Ku
Klux Klan placed their contributions
on the plate and marched out. This
is the second demonstration that has
been made in this vicinity recently.

ACCUSED NURSE LOSES HER
\$50,000 PARIS LIBEL SUIT

Arrest in New York Cancels Action
Against Mrs. Hewitt
New York, June 26.—A dispatch
from Paris says that the \$50,000 libel
suit filed against the widow of Peter
Hewitt and Captain Robert
Higgins was dismissed on Saturday
owing to the absence of the complain-
ant, Elizabeth C. Kelly, a graduate
nurse, who is in the Tombs here await-
ing trial on an indictment charging
sheft.

Miss Kelly nursed Mr. Hewitt
through his fatal illness last year, and
after his death was charged with hav-
ing stolen jewelry from Mrs. Mary A.
Hewitt, the inventor's widow. The
complaint was dismissed last January,
and Miss Kelly sued for libel, charging
defamation of character. Miss Kelly
returned to this country on La Tou-
raine on April 17.

Miss Kelly was arrested April 25 on
a charge of having stolen an \$800 dia-
mond ring from the home of David D.
Lamont, banker, while employed there.
The ring was recovered. Miss Kelly is
due to go to trial today in General
Sessions.

SOVIET DELEGATES DUE TO
REACH THE HAGUE TODAY

Prediction Made Russia Will Not
Restore Private Property
The Hague, June 26.—(By A. P.)—
The real beginning of the interna-
tional conference with the Russians was
being prepared for today by the allied
and neutral conferees here. The Rus-
sian delegation of eighteen members
was due at The Hague this afternoon.
By way of welcome to the Soviet
delegates Deputy Wankoop, communist
member of Parliament, issued a state-
ment declaring the conference here
would never succeed in inducing the
Russians to restore the private prop-
erty of foreigners in Russia or in ob-
taining the payment of Russia's war
debt. The statement characterized the
assassination of Dr. Walter Rathenau
in Berlin as an act of the reactionaries
who had organized a campaign to ter-
rorize Europe.

WARNS AGAINST TARIFF
LEVY BEING MADE TOO HIGH

Midvale Engineer Sees Danger to
America's Foreign Trade
Atlantic City, June 26.—"Just what
the levy of the proposed Tariff Bill
before Congress will be nobody knows,
but it should not be so high that our
foreign trade should suffer," stated
Guillean Aertsen, of Chicago, engineer
of the Midvale Steel and Ordnance
Company, today at the opening of the
annual convention of the American So-
ciety for Testing Materials. Aertsen is
vice president of the organization.

"The debt owed the United States
and the fiery cross was enormous," con-
tinued the speaker. "If the tariff is so
high that the competition becomes un-
fair and the sale prohibitive, then
Europe will still be owing."
"As for the outlook in the domestic
situation in the steel industries, the
only thing that is a material factor in
keeping up prices is labor. They are
now in a restless state, due very largely
to the wrong men being at the head."
More than 500 delegates are attend-
ing the convention. C. D. Young, of
Philadelphia, general supervisor of
stores of the Pennsylvania system, is
president.
